Docket No. 98N-1265  
Food and Drug Administration  
5600 Fishers Lane  
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I have been using hormones compounded specifically for my needs, and they have made a real difference in the quality of my health. I no longer have to live with menopausal symptoms like sleeplessness, anxiety, and the depression which kept me from enjoying day to day life. I could not and would not take hormones or any prescription which was not formulated just for me and my body's needs.
